

AB 1305 Notice: Purchase of Carbon Offsets

Signature Aviation US Holdco LP and its wholly owned subsidiaries (“Signature” or “the Company”) is committed to sustainability and complying with all applicable laws and regulations.

The California Voluntary Carbon Market Disclosures Act (Assembly Bill 1305 (“AB 1305”)) requires an entity that purchases or uses voluntary carbon offsets to make claims regarding the achievement of net zero emissions, carbon neutrality, or having made significant reductions to its carbon dioxide or greenhouse gas emissions to make certain disclosures on its website. The purpose of this Notice to comply with AB 1305.

Signature’s 2024 investment in high quality verified emission reductions (“VERs”) or carbon offsets for 2024 emissions came from certified HFC reclamation projects. The voluntary emission reduction A-Gas V16 Project was undertaken to encourage the recovery of used HFCs and to avoid production of virgin HFCs through reclamation. The Summit Refrigerants HFC Reclamation Offset Project involves the reclamation and use of certified reclaimed HFC refrigerants in refrigeration or air conditioning equipment.

2024 Offset Purchases

A-Gas V16 Project

| | |
|--|---|
| The name of the business entity selling the offset and the offset registry or program. | STX Commodities LLC, American Carbon Registry |
| The project identification number, if applicable. | 973 |
| The project name as listed in the registry or program, if applicable. | A-Gas V16 |
| The offset project type, including whether the offsets purchased were derived from a carbon removal, an avoided emission, or a combination of both, and site location. | Industrial Process Emissions (Avoided Emission) |
| The specific protocol used to estimate emissions reductions or removal benefits. | Rhome, Texas |
| Whether there is independent third-party verification of company data and claims listed. | Certified Reclaimed HFC Refrigerants, Propellants, and Fire Suppressants, Version 2.0 |

Summit Refrigerants HFC Reclamation Project

| | |
|--|---|
| The name of the business entity selling the offset and the offset registry or program. | STX Commodities LLC, American Carbon Registry |
| The project identification number, if applicable. | 829 |

| | |
|--|---|
| The project name as listed in the registry or program, if applicable. | |
| The offset project type, including whether the offsets purchased were derived from a carbon removal, an avoided emission, or a combination of both, and site location. | Summit HFC Reclaim 2021 |
| The specific protocol used to estimate emissions reductions or removal benefits. | Industrial Process Emissions (Avoided Emission) |
| Whether there is independent third-party verification of company data and claims listed. | East North Belt Humble, Texas |
